

PIANO PAESAGGISTICO REGIONALE

Ambito n. 13 Alghero

The figure is a map of a geographic region divided into a grid. It shows the distribution of four different species, each represented by a distinct color: green for 458, pink for 459, light blue for 478, and yellow for 479. The map also features state borders and county boundaries. A red rectangular box is drawn around a specific area in the southeast corner where species 479 is found.
